

ICSF Congress and the General Assembly 2019

Vienna 15 - 17 september 2018

1. Anti-doping - WADA

- **very difficult administration**
- responsible person –Lise-Lotte Janson
- tests – „ in competition“ and „ in competition“
- ICSF organize only the tests „ in competition“ each WC
- tests 2018 and 2019 (3) were negative
- nobody is in the system TUE (therapeutic use exemption)
- to observe all conditions of WADA is very expensive
- for small federations
- ICSF have to continue in anti-doping activities
- The report and conception of ICSF anti-doping is in your documents

2. Sponsors and sponsorship fees - part I

- **Currently - ICSF has no official general sponsor (2 years) and no subsidy**
- Members of the ICSF Board have been trying to find a new sponsor, but without success so far.
- At the last Congress, all were asked to establish contacts with a more significant sponsor. We have not received any response or contact
- This was one of the reasons why ICSF very intensively spent time on the IOC recognition process and the arrangement of participation of our sport in the World Games (TWG).
- The Secretary General has had several appointments with possible sponsors, however the negotiations ended at a dead end.
- It is positive to see that organizers of big events (World Championship, World Cup) have small local sponsors, who arrange discounts for accommodation, boarding or pay for prizes. Usually there are **no financial subsidies**

2. Sponsors and sponsorship fees - part II

- **Results of the appointments with possible sponsors (GS)**
- **What the (possible) sponsors required**
- Members of the GAISF, IWGA, relations to the IOC (recognition, olympic sport)
- Media presentation – TV channel, private channel, newspapers – how often
- Number of participants at WC and other competition, their social stratification
- Number of spectator and sympathizer
- Sponsorship history of each national or international federation
- Some sponsors prefer – theatre performance or film production
- Supranational (international) companies have 2 -4 year program for sponsorship
 - they don't sponsor not evidently visible sports (Skoda)
 - they would like to co-operate with more small sponsors
 - they should like to know how we use the sponsorship money effectively
- The situation is very difficult for us
